**FOR IMMEDIATE RELEASE**

## ETS SOLUTIONS EXPANDS SECURITY CONSULTING PRACTICE AND OFFERINGS WITH HIRING OF FORMER U.S. SECRET SERVICE AGENT, CHUCK BLOODWORTH

### *New Role as Chief Information Security Officer/Security Consultant Brings Wealth of Cyber Security and Physical Security Expertise*

**ATLANTA – April 14, 2022** – ETS Solutions is expanding its leadership and security consulting services with the addition of **Chuck Bloodworth** as Chief Information Security Officer/Security Consultant. Chuck's extensive background in cyber security with the U.S. Secret Service coupled with his enterprise corporate and consulting experiences bring an extra layer of depth and expertise to the company as it provides its clients with all of their technology needs in one space with a comprehensive ecosystem of cybersecurity, physical security and network security solutions.

"Since 2002, ETS Solutions has been streamlining technology solutions for our clients through a network of consulting expertise where all their needs can be met in one place, versus a wealth of vendors to manage, making the most of their time and investments. With the addition of Chuck, we're further investing in our cyber and physical security expertise that we're able to offer our clients," noted ETS Solutions President Mike Russell. "Every size company has rising concerns about cyber-security and their technological capabilities. Having a seasoned veteran join our leadership further ensures that we're providing our clients with the highest level of expertise to meet their needs. With his years of experience in security, we know Chuck will ensure our clients have the highest level of customer service and protection in his new role."

A retired cybersecurity senior special agent for the United States Secret Service with experience in global IT protection in more than 45 countries, in his new role as Chief Information Security Officer, Chuck is eager to offer customers best-in-class security products to protect their brand. His wealth of experience in management of security operations centers, identity, and application security as well as critical systems protection, computer and mobile device forensics and network intrusion will not only be an asset to customers, but also in mentoring young cyber security professionals. Prior to joining ETS Solutions, he served as senior director of cyber security for Travelport and then served as an Independent Security Consultant. A graduate of the University of West Georgia, Chuck makes his home in Dallas, Ga.

#### **About ETS Solutions**
