Lessons In The Waiting Room

The *waiting* room, a place where time seemingly stands still. It is a place where life is put on hold by something out of our control.

Waiting is hard!! We become fidgety, fearful, frustrated, anxious, and even angry. We often take matters into our own hands, and make irrational, hasty, and quick decisions.

Do you get ahead of God and start doing your own things hastily?

The Lord tells us to wait.

Isiah 40:31 says, “but they who wait for the LORD shall renew their strength; they shall mount up with wings like eagles;

they shall run and not be weary; they shall walk and not faint.”

But you know, while the waiting is happening...God is at work.

God is a God of suddenlies...it is God’s timing, not ours...his 24 hours is not ours. It is His will, not our will to be done.

So how do we learn to wait on the Lord?

We have to give up whatever we are waiting for. We have to let it go and give it to God.

We have to trust in His wisdom, love, timing, understanding of our situation.

We must learn to be content with God’s provision and timing.

Next time you are in the “waiting room”, remember to let it go and Trust God with the outcome.

For it is His will, not our will be done.

Keep your personal Faith First.

Be blessed in all you do and say.

~Amy

20th Anniversary Celebration

ETS Solutions is fortunate to celebrate 20 years of blessings from our partners and community! Thanks to this, it is with great honor we continue to raise awareness of the ETS Foundation - which provides educational resources to transform the landscape of educational support to ensure every individual has the opportunity to meet their full potential.

www.theetsfoundation.org

The ETS Foundation relies on funding solely from donations made by individuals, partners, or ETS Solutions INC.

30th Annual High Tech Prayer Breakfast Atlanta

Core Value: Faith

ETS Solutions was blessed to celebrate and sponsor the 30th Annual High Tech Prayer Breakfast - Atlanta this month! Keynote Speakers Chris Huff, CTO of ParkMobile, and Kirk Perry, CEO of IRI, revisited their own personal experiences with Christ. Inspiration, hope, and love filled the room.

ETS Solutions relies on Faith to lead our organization in the right direction. It's this facet that truly pours into and nurtures the resiliency of our core values, which have allowed us to remain in business for 20 years.

User Experience: ConsultX

"Only those who will risk going too far can possibly find out how far it is possible

to go." -- T.S. Eliot

Many companies try to tackle their technology needs on their own. Operating in a silo of devices and software, this can become a stressful and anxious project for anyone who is not trained in this area. We understand there are always risks involved with implementing new technologies, but it is these technologies that propel us forward in business and serving our communities.

What makes partnering with ETS Solutions so advantageous is that we offer Consultation Services to begin our relationship. We send in a **technology consultant** to analyze the following:

- Recognize Core Business Practices/Applications
- Explore Technology Pain Points
- Analyze Current Technology Configuration & Expenses

Let's see how far it is possible to go together.

Call or e-mail us today for your free assessment!

October has been recognized as **Cyber Security Awareness Month (CSAM)** since 2003. The U.S. Department of Homeland Security and the National Cyber Security Alliance worked in collaboration to establish CSAM, which was created to ensure that every individual stays safe and secure online.

The FTC deadline for financial institutions (including automotive dealers) to put cybersecurity protections that keep customer information secure in place is 12/09/22.

Some of the many Cyber Security teams ETS Solutions partners with are:

CyberSafe
The Mako Group

Threat Protector
Antigen
BlackFrog
...and more.

Call us today for your free Cyber Security assessment.

If you are a business leader, you can now use your network to collect luxury gifts by referring clients to ETS. Download our 2022 [Business Referral Partner Program](#) for more information.

The graphic features a light-colored wood-grain background. A central dark blue rectangular area contains the text "Win a Free Beach Vacation" in a mix of white and yellow cursive fonts. A yellow sun icon is positioned to the right of the word "Free". In the top right corner of this area is the "ets Solutions" logo with the tagline "voice · data · cloud". Below the central area, the text "Ask us how. Contact Mike at Mike@etssolutions.com" is displayed in a dark grey sans-serif font. At the bottom of the graphic is a dark blue horizontal bar with three small white circles and a thin yellow line connecting them.
